## Who We Are

WisconSibs offers peer support and educational programs to children and teens who have brothers and sisters with disabilities.

Throughout the school year, WisconSibs offers Sibshops for “typical” siblings that combine recreation, information and discussion in lively celebrations of the cool and important things siblings do along with their unique concerns.

So in the summer, we keep things interesting for siblings with unique summer programs designed to give them opportunities to get to know other kids who

share many of the same joys and challenges. Through volunteering and our collaborations with the Team Leadership Center and Door County Adventure Center, teens get an opportunity to not only have fun, but to exercise their leadership and advocacy skills.

Information, applications, and enrollment forms\*\* also available at [www.wisconsibs.org](http://www.wisconsibs.org)

## What do parents and sibs say about WisconSibs sibling summer programs?

“I had a blast!!!! And I made some new friends!”

“[I liked] he asked questions about his brother and also commented (differences/similarities) on siblings of friends he made at camp.”

“We feel fortunate to have this group to be a part of.”

“My son had a great time and was very tired by the end of the week!”

“I think that the leadership day provided us all a great deal of advice of how we should handle day-to-day challenges and when we help out at SibDays.”

“My daughter loved it. Said it was the best thing ever. It's wonderful that she has support to know that there are others that are going through what she is.”

“I felt it was very organized and she loved it!”

“My son has increasingly gotten kinder to his sister over the years, and I think a large part of that is having an outlet such as SibDays.”

“[The Teen Sib Leadership Day] gave me an opportunity to think how I should handle different problems that arise.”
