

## Did you know?

Ever since we've held SibDays of Summer at Plamann Park we've collaborated with Camp Hope, the YMCA camp for kids with disabilities, to provide both camps a fun carnival. For Curt Krull who attended Camp Hope and his brother who was a Teen Sib leader at SibDays, it was a highlight of the week.

Sadly, Curt passed away when he was 12 years old. His family lovingly set up a memorial fund that makes it possible for the two camps to continue the tradition so campers would always have this fun get together at Curt's Carnival.

## SIBS MEET SAWYER

When we think about the future, there is no question that technology will be a critical tool in solving problems, including the work done by robots that humans can't or won't do. So Sawyer the robot, stopped by to show us how he works. We asked lots of questions and got to get up close.

But before that, we actually created our own robots with a sibling from each group, some paper, tape, foil, and a lot of imagination.

**That's Randy.**  
Once a 6-year-old SibDays camper, now an 18-year-old "dunkee".

## Reminders:

- Got your **LUNCH? SUNSCREEN? WATER BOTTLE?**
- Bring your swimsuit and towel for swimming.

**A few years ago, we had a problem.** More kids wanted to attend SibDays of Summer than we could hold in the Chris Brandt shelter. So we did some more fundraising, added the Small Shelter, and started a branch of camp for the oldest kids. Now instead of only 30 campers, we have 45 campers at SibDays plus Teen Sib Leaders. Can you imagine not having the kids in this photo at camp!
