

Dear Family,

**Does your child with a disability have a typically-developing brother or sister, age 3-5?**

The founders of SIBSHOPS, a widely used peer-support program for siblings, have created an app especially for parents and typically-developing children, ages 3-5.

The **SIBTime app** features bedtime stories, brief exercises, a parent forum, and other activities that support young siblings' well-being.

**HELP US EVALUATE THE SIBTIME APP AND RECEIVE \$75!**

- Use the app on your smartphone, tablet or computer, once a week for 4-weeks with your 3 to 5-year-old child
- Complete 2 surveys

*We hope to hear from you soon!*
